

At Morriston Comprehensive school our vision for curriculum reform recognises the 'four purposes' as the starting point and national aspiration for all of our learners. In all that we do here, the four purposes guide our curriculum and assessment design to ensure that we inspire all learners to engage and achieve excellence in a rapidly changing world.

At Morriston Comprehensive, children and young people will be supported to develop as:

- Ambitious, capable learners
- Enterprising, creative contributors
- Ethical, informed citizens
- Healthy, confident individuals.

Curriculum for Wales

It's an exciting time for learning in Wales.

In September, all primary schools and some secondary schools will be introducing the new Curriculum for Wales.

The curriculum, designed by teachers in your school, will support your child with creative lessons with a focus on positive experiences, knowledge and skills. It will suit their needs and help them reach their full potential.

Curriculum Information

Morryston Comprehensive School | Our Vision

The Welsh Government's position is that 'nothing is so essential as universal access to, and acquisition of, the experiences, knowledge and skills that our young people need for employment, lifelong learning and active citizenship', and we agree! At Morryston Comprehensive School, we provide a place of learning and formation for our children and young people where areas of strength are nurtured to become areas of excellence, and all are encouraged to realise their potential. Here, success is the expectation and the norm!

The Welsh Government's 'four purposes' are the shared vision and aspiration for every child and young person in Wales, designed to 'set high expectations for all, promote individual and national wellbeing, tackle ignorance and misinformation and encourage critical and civic engagement.' At Morryston Comprehensive School, nothing matters more to us than our pupils and their successful futures and as we work in collaboration to realise a new Curriculum for Wales, we aim to ensure our local intentions intersect with and compliment the national mission.

Our Intentions

Morryston Comprehensive is a community of learning and formation which;

- Inspires a love of learning, meaning that all children and young people are empowered and invested, active participants in life-long learning.
- Engages equitably, meaning that all children and young people are assured of an equality of opportunity and nurtured as individuals.
- Achieves excellence, meaning that all children and young people are supported to secure the highest possible standards and outcomes in all of their work.

The National Purposes

Morryston Comprehensive School is committed to supporting all learners to become:

- Ambitious, capable learners ready to learn throughout their lives
- Enterprising, creative contributors, ready to play a full part in life and work
- Ethical, informed citizens of Wales and the world
- Healthy, confident individuals, ready to lead fulfilling lives as values members of society.
